

KS3 Unit 27 Plans and Elevations

Topic/Skill	Definition/Tips	Example
1. Plans and Elevations	<p>This takes 3D drawings and produces 2D drawings.</p> <p>Plan View: from above Side Elevation: from the side Front Elevation: from the front</p>	 <p>The diagram illustrates the process of creating 2D drawings from a 3D object. At the top, a 3D drawing of a house with a gabled roof is labeled "Original 3D Drawing". Below it, three 2D drawings are shown, collectively labeled "2D Drawings". From left to right, they are: "Plan", which is a rectangle with a vertical line down the center; "Front Elevation", which is a rectangle with a triangle on top; and "Side Elevation", which is a simple rectangle.</p>
