

WHS Home School Agreement 2024-25

At Wilmslow High School we strive to pursue excellence for every one of our students every day, and our aim is that every student will take advantage of the experiences, opportunities and choices that a great education brings. We want all our students to be young people of character who learn the importance, and live, the PRIDE values of professionalism, respect, integrity, determination and empathy, and who develop strength of character that will help them to meet life's challenge.

We are proud of our students and our school. We therefore expect all members of our community to behave safely, respectfully and cooperatively at all times and we will not tolerate behaviours that are unsafe or disrespectful.

We greatly appreciate the support of our students and parents/ carers in these aims for our community. We know that children are most successful when school and home work closely and we welcome contributions from any parents/ carers who wish to become more involved in the life of the school.
